No plans for Christmas Day this year?

(then this message is for you)

Christmas Day is a day of celebration, when families get together and communities come to share with one another.

You have an open invitation to join us – because well if you don't, it will just be us.

Our plan is simple. If you don't have a plan because you feel isolated or lonely then this can be your "Plan-A". And it won't cost you a cent. A free lunch, yes free, is yours when you join us, so that we won't be alone.

Better still, there are no "qualifying criteria", so no minimum age (& no maximum age either) and no matter where you are from or how you identify, its just lunch (roast chicken, salad, fruit and ice-cream) and one another's company. Easy-peasy!

It doesn't have to be this way
Please consider joining us for Christmas Lunch
